ANNUAL INDEX
VOLUME 41
FALL 1995 - SUMMER 1996

INDEX BY SUBJECT

- **BENEFIT COST ANALYSIS** — Vol:No, p.

  "Cost Effectiveness of Automated Highway Systems: A Case Study in Engineering Economic Analysis of a New Technology," Randolph Hall — 41: 4, 317

- **BREAKEVEN ANALYSIS**

  "A Breakeven Procedure for a Multi-Period Project," Ji Soo Kim and Jin Wook Kim — 41: 2, 95

- **CAPACITY EXPANSION**

  "Cost Effectiveness of Automated Highway Systems: A Case Study in Engineering Economic Analysis of a New Technology," Randolph Hall — 41: 4, 317

- **CAPITAL BUDGETING**

  "Adjusting the Modified Internal Rates of Return," (Technical Note), Mirosław M. Hajdasiński — 41: 2, 173

  "AnMod and DecSim: Two Models of Sequences of Capital Rationing Decisions and Their Use in Evaluating Capital Budgeting Policies," Jack R. Lohmann and Robert V. Oakford — 41: 3, 195

"Capital Investment Under Uncertainty: Calculating the Present Value of the Depreciation Tax Shield When the Tax Rate is Stochastic," W.J. Hurley and L.D. Johnson 41: 3, 243

"Discount Rate Choice and the Application of Duration for Capital Budgeting Decisions," (Technical Note), J. Howard Finch and Thomas H. Payne 41: 4, 369

"Optimal Termination and the IRR Revisited," David Robinson, and W. Rupert Cook 41: 3, 271

"Ranking Reversal of Projects with Different Risks and Lives," Esther Weinstock Ancel and Mark D. Griffiths 41: 3, 253

"Revisiting 'Dividend Yield Plus Growth' and its Application," Howard E. Thompson and Wing-Keung Wong 41: 2, 123

"Some Open Problems in Pure Capital Rationing Theory," Maria De Giuli and Umberto Magnani 41: 1, 77

"Strategic Methodologies of Investment Appraisal of AMT Projects: A Review and Synthesis," Frank Lefley 41: 4, 345

- CAPITAL INVESTMENT ANALYSIS

"A Note on the Fleet Design Problem," (Technical Note), Joseph C. Hartman 41: 1, 69

"A Simple Method for Calculating the i_{min} Rate for an Investment Project," Federico Pasin and Daniel Leblanc 41: 4, 365

"Adjusting the Modified Internal Rates of Return," (Technical Note), Mirosław M. Hajdasiński 41: 2, 173

"Capital Investment Under Uncertainty: Calculating the Present Value of the Depreciation Tax Shield When the Tax Rate is Stochastic," W.J. Hurley and L.D. Johnson 41: 3, 243

"Discount Rate Choice and the Application of Duration for Capital Budgeting Decisions," (Technical Note), J. Howard Finch and Thomas H. Payne 41: 4, 369

"Integrated Production Scheduling, Coordination, and Capacity Investment," Robert R. Inman, James L. Zydiak, and Philip C. Jones 41: 2, 149

"Strategic Methodologies of Investment Appraisal of AMT Projects: A Review and Synthesis," Frank Lefley 41: 4, 345

- COMPUTER METHODS

"Enhancing Engineering Economy Concepts with Computer Spreadsheets," (Readers Forum), Jerome P. Lavelle 41: 4, 381

- COST EFFECTIVENESS

"Costs and Productivity Estimation in Computer Engineering Economics," Hadj Benyahia 41: 3, 229

"Cost Effectiveness of Automated Highway Systems: A Case Study in Engineering Economic Analysis of a New Technology," Randolph Hall 41: 4, 317

- COST ENGINEERING

"Per-Unit Net Salvage Estimation," Kimbugwe A. Kateregga 41: 4, 303

- COST ESTIMATING

"Monitoring Projects Using Cash Flow Control Charts," Hemantha S. B. Herath, Chan S. Park and George C. Prueitt 41: 1, 27

"Per-Unit Net Salvage Estimation," Kimbugwe A. Kateregga 41: 4, 303

- COST OF CAPITAL

"Revisiting 'Dividend Yield Plus Growth' and Its Application," Howard E. Thompson and Wing-Keung Wong 41: 2, 123

- **DECISION ANALYSIS**

"A Breakeven Procedure for a Multi-Period Project," Ji Soo Kim and Jin Wook Kim 41: 2, 95

"A Note on the Fleet Design Problem," (Technical Note), Joseph C. Hartman 41: 1, 69

"Decision Making in Preliminary Product Design Combining Economic and Quality Considerations," Donald E. Malen 41: 2, 105

- **DECISION SUPPORT**

"Decision Making in Preliminary Product Design Combining Economic and Quality Considerations," Donald E. Malen 41: 2, 105

"Discount Rate Choice and the Application of Duration for Capital Budgeting Decisions (Technical Note), Howard J. Finch and Thomas H. Payne 41: 4, 369

"Revisiting 'Dividend Yield Plus Growth' and Its Application," Howard E. Thompson and Wing-Keung Wong 41: 2, 123

- **DEPRECIATION AND OBSOLESCENCE**

"Per-Unit Net Salvage Estimation," Kimbugwe A. Kateregga 41: 4, 303

- **DESIGN**

"Decision Making in Preliminary Product Design Combining Economic and Quality Considerations," Donald E. Malen 41: 2, 105

- **ECONOMIC COMPARISONS**

"Adjusting the Modified Internal Rates of Return," (Technical Note), Mirosław M. Hajdasiński 41: 2, 173

"AnMod and DecSim: Two Models of Sequences of Capital Rationing Decisions and Their Use in Evaluating Capital Budgeting Policies," Jack R. Lohmann and Robert V. Oakford 41: 3, 195

"A Simple Method for Calculating the i_{min} Rate for an Investment Project," Federico Pasin and Daniel Leblanc 41: 4, 365

"Shape Characteristics of Cost Curves Involving Multiple Shifts in Automotive Assembly Plants," Robert R. Inman 41: 1, 53

- EDUCATION

"Enhancing Engineering Economy Concepts with Computer Spreadsheets," (Readers Forum), Jerome P. Lavelle 41: 4, 381

- FINANCE

"A Breakeven Procedure for a Multi-Period Project," Ji Soo Kim and Jin Wook Kim 41: 2, 95

"Discount Rate Choice and the Application of Duration for Capital Budgeting Decisions," (Technical Note), J. Howard Finch and Thomas H. Payne 41: 4, 369

"Ranking Reversal of Projects with Different Risks and Lives," Esther Weinstock Ancel and Mark D. Griffiths 41: 3, 253

- FINANCIAL MATHEMATICS

"A Simple Method for Calculating the i_{min} Rate for an Investment Project," Federico Pasin and Daniel Leblanc 41: 4, 365

"Capital Investment Under Uncertainty: Calculating the Present Value of the Depreciation Tax Shield When the Tax Rate is Stochastic," W.J. Hurley and L.D. Johnson 41: 3, 243

"Investments Viewed As Growth Processes," Halim Doğrusöz and Nejat Karabakal 41: 1, 1

"On the Error from Compounding with the Arithmetic Mean Interest Rate," (Technical Note), Abraham Mehrez and Ahron Rosenfeld 41: 3, 283

- FORECASTING

"Costs and Productivity Estimation in Computer Engineering Economics," Hadj Benyahia 41: 3, 229

"Monitoring Projects Using Cash Flow Control Charts," Hemantha S. B. Hearath, Chan S. Park and George C. Prueitt 41: 1, 27

"Per-Unit Net Salvage Estimation," Kimbugwe A. Kateregga 41: 4, 303

- INTEREST RATES

"A Simple Method for Calculating the i_{min} Rate for an Investment Project," Federico Pasin and Daniel Leblanc 41: 4, 365

"Adjusting the Modified Internal Rates of Return," (Technical Note), Mirosław, M. Hajdasiński 41: 2, 173

"On the Error from Compounding with the Arithmetic Mean Interest Rate," (Technical Note), Abraham Mehrez and Ahron Rosenfeld 41: 3, 283

"Optimal Termination and the IRR Revisited," David Robinson, and W. Rupert Cook 41: 3, 271

- INVESTMENT SECURITIES

"On the Error from Compounding with the Arithmetic Mean Interest Rate," (Technical Note), Abraham Mehrez and Ahron Rosenfeld 41: 3, 283

- **INVENTORY**

"Integrated Production Scheduling, Coordination, and Capacity Investment," Robert R. Inman, James L. Zydiak, and Philip C. Jones 41: 2, 149

- **LOANS**

"On the Error from Compounding with the Arithmetic Mean Interest Rate," (Technical Note), Abraham Mehrez and Ahron Rosenfeld 41: 3, 283

- **MANAGERIAL ECONOMICS**

"A Breakeven Procedure for a Multi-Period Project," Ji Soo Kim and Jin Wook Kim 41: 2, 95

"Capital Investment Under Uncertainty: Calculating the Present Value of the Depreciation Tax Shield When the Tax Rate is Stochastic," W.J. Hurley and L.D. Johnson 41: 3, 243

"Costs and Productivity Estimation in Computer Engineering Economics," Hadj Benyahia 41: 3, 229

"Shape Characteristics of Cost Curves Involving Multiple Shifts in Automotive Assembly Plants," Robert R. Inman 41: 1, 53

"Some Open Problems in Pure Capital Rationing Theory," Maria De Giuli and Umberto Magnani 41: 1, 77

- **MANUFACTURING**

"Strategic Methodologies of Investment Appraisal of AMT Projects: A Review and Synthesis," Frank Lefley 41: 4, 345

- **MATHEMATICAL MODELS**

"AnMod and DecSim: Two Models of Sequences of Capital Rationing Decisions and Their Use in Evaluating Capital Budgeting Policies," Jack R. Lohmann and Robert V. Oakford 41: 3, 195

"Investments Viewed As Growth Processes," Halim Doğrusöz and Nejat Karabakal 41: 1, 1

"Optimal Termination and the IRR Revisited," David Robinson, and W. Rupert Cook 41: 3, 271

"Some Open Problems in Pure Capital Rationing Theory," Maria De Giuli and Umberto Magnani 41: 1, 77

- **MEASURES OF WORTH**

"Investments Viewed As Growth Processes," Halim Doğrusöz and Nejat Karabakal 41: 1, 1

"Ranking Reversal of Projects with Different Risks and Lives," Esther Weinstock Ancel and Mark D. Griffiths 41: 3, 253

- **OPERATIONS**

"Shape Characteristics of Cost Curves Involving Multiple Shifts in Automotive Assembly Plants," Robert R. Inman 41: 1, 53

- **PLANT SIZING**

"Integrated Production Scheduling, Coordination, and Capacity Investment," Robert R. Inman, James L. Zydiak, and Philip C. Jones 41: 2, 149

- **PRODUCTION**

"Strategic Methodologies of Investment Appraisal of AMT Projects: A Review and Synthesis," Frank Lefley 41: 4, 345

- **PRODUCTION ECONOMICS**

"Integrated Production Scheduling, Coordination, and Capacity Investment," Robert R. Inman, James L. Zydiak, and Philip C. Jones 41: 2, 149

"Shape Characteristics of Cost Curves Involving Multiple Shifts in Automotive Assembly Plants," Robert R. Inman 41: 1, 53

- **PROPERTY MORTALITY**

"Per-Unit Net Salvage Estimation," Kimbugwe A. Kateregga 41: 4, 303

- **REPLACEMENT ANALYSIS**

"A Note on the Fleet Design Problem," (Technical Note), Joseph C. Hartman 41: 1, 69

- **SENSITIVITY ANALYSIS**

"Ranking Reversal of Projects with Different Risks and Lives," Esther Weinstock Ancel and Mark D. Griffiths 41: 3, 253

- **SIMULATION**

"AnMod and DecSim: Two Models of Sequences of Capital Rationing Decisions and Their Use in Evaluating Capital Budgeting Policies," Jack R. Lohmann and Robert V. Oakford 41: 3, 195

- **TAXATION**

"Monitoring Projects Using Cash Flow Control Charts," Hemantha S. B. Hearath, Chan S. Park and George C. Prueitt 41: 1, 27

- **TRANSPORTATION**

"Cost Effectiveness of Automated Highway Systems: A Case Study in Engineering Economic Analysis of a New Technology," Randolph Hall 41: 4, 317

- **VALUATION**

"Revisiting 'Dividend Yield Plus Growth' and its Application," Howard E. Thompson and Wing-Keung Wong 41: 2, 123

INDEX OF AUTHORS

ANCEL, ESTHER WEINSTOCK, (with Mark D. Griffiths), "Ranking Reversal of Projects with Different Risks and Lives" 41: 3, 253

BENYAHIA, HADJ, "Costs and Productivity Estimation in Computer Engineering Economics" 41: 3, 229

COOK, RUPERT, (with David Robinson), "Optimal Termination and the IRR Revisited" 41: 3, 271

DE GIULI, MARIA, (with Umberto Magnani), "Some Open Problems in Pure Capital Rationing Theory" 41: 1, 77

DOĞRUSÖZ, HALIM, (with Nejat Karabakal), "Investments Viewed As Growth Processes" 41: 1, 1

FINCH, J. HOWARD, (with Thomas H. Payne), "Discount Rate Choice and the Application of Duration for Capital Budgeting Decisions," (Technical Note) 41: 4, 369

GRIFFITHS, MARK D., (with Esther Weinstock Ancel), "Ranking Reversal of Projects with Different Risks and Lives" 41: 3, 253

HAJDASIŃSKI, MIROSŁAW, M., "Adjusting the Modified Internal Rates of Return," (Technical Note) 41: 2, 173

HALL, RANDOLPH, "Cost Effectiveness of Automated Highway Systems: A Case Study in Engineering Economic Analysis of a New Technology" 41: 4, 317

HARTMAN, JOSEPH C., "A Note on the Fleet Design Problem," (Technical Note) 41: 1, 69

HERATH, HEMANTHA S. B., (with Chan S. Park and George C. Prueitt), "Monitoring Projects Using Cash Flow Control Charts" 41: 1, 27

HURLEY, W.J., (with L.D. Johnson), "Capital Investment Under Uncertainty: Calculating the Present Value of the Depreciation Tax Shield When the Tax Rate is Stochastic" 41: 3, 243

INMAN, ROBERT R., "Shape Characteristics of Cost Curves Involving Multiple Shifts in Automotive Assembly Plants" 41: 1, 53

INMAN, ROBERT R., (with Philip C. Jones and James L. Zydiak), "Integrated Production Scheduling, Coordination, and Capacity Investment" 41: 2, 149

JOHNSON, L.D., (with W.J.Hurley), "Capital Investment Under Uncertainty: Calculating the Present Value of the Depreciation Tax Shield When the Tax Rate is Stochastic" 41: 3, 243

JONES, PHILIP C., (with Robert R. Inman, and James L. Zydiak), "Integrated Production Scheduling, Coordination, and Capacity Investment" 41: 2, 149

KARABAKAL, NEJAT (with Halim Doğrusöz), "Investments Viewed As Growth Processes" 41: 1, 1

KATEREGGA, KIMBUGWE A., "Per-Unit Net Salvage Estimation" 41: 4, 303

KIM, JI SOO, (with Jin Wook Kim), "A Breakeven Procedure for a Multi-Period Project" 41: 2, 95

KIM, JIN WOOK, (with Ji Soo Kim), "A Breakeven Procedure for a Multi-Period Project" 41: 2, 95

LAVELLE, JEROME P., "Enhancing Engineering Economy Concepts with Computer Spreadsheets," (Readers Forum) 41: 4, 381

LEBLANC, DANIEL, (with Federico Pasin), "A Simple Method for Calculating the i_{min} Rate for an Investment Project" 41: 4, 365

LEFLEY, FRANK, "Strategic Methodologies of Investment Appraisal of AMT Projects: A Review and Synthesis" 41: 4, 345

LOHMANN, JACK R., (with Robert V. Oakford), "AnMod and DecSim: Two Models of Sequences of Capital Rationing Decisions and Their Use in Evaluating Capital Budgeting Policies" 41: 3, 195

MAGNANI, UMBERTO, (with Maria De Giuli), "Some Open Problems in Pure Capital Rationing Theory" 41: 1, 77

MALEN, DONALD E., "Decision Making in Preliminary Product Design Combining Economic and Quality Considerations" 41: 2, 105

MEHREZ, ABRAHAM, (with Ahron Rosenfeld), "On the Error from Compounding with the Arithmetic Mean Interest Rate," (Technical Note) 41: 3, 283

OAKFORD, ROBERT V., (with Jack R. Lohmann), "AnMod and DecSim: Two Models of Sequences of Capital Rationing Decisions and Their Use in Evaluating Capital Budgeting Policies" 41: 3, 195

PARK, CHAN S., (with Hemantha S. B. Herath and George C. Prueitt), "Monitoring Projects Using Cash Flow Control Charts" 41: 1, 27

PASIN, FEDERICO, (with Daniel Leblanc), "A Simple Method for Calculating the i_{min} Rate for an Investment Project" 41: 4, 365

PAYNE, THOMAS F., (with J. Howard Finch), "Discount Rate Choice and the Application of Duration for Capital Budgeting Decisions," (Technical Note) 41: 4, 369

PRUEITT, GEORGE C., (with Hemantha S. B. Herath and Chan S. Park), "Monitoring Projects Using Cash Flow Control Charts" 41: 1, 27

ROBINSON, DAVID, (with W. Rupert Cook), "Optimal Termination and the IRR Revisited" 41: 3, 271

ROSENFELD, AHRON, (with Abraham Mehrez), "On the Error from Compounding with the Arithmetic Mean Interest Rate," (Technical Note) 41: 3, 283

THOMPSON, HOWARD E., (with Wing-Keung Wong), "Revisiting 'Dividend Yield Plus Growth' and its Application" 41: 2, 123

WONG, WING-KEUNG, (with Howard E. Thompson), "Revisiting 'Dividend Yield Plus Growth' and its Application" 41: 2, 123

ZYDIAK, JAMES L., (with Philip C. Jones and Robert R. Inman), "Integrated Production Scheduling, Coordination, and Capacity Investment" 41: 2, 149
